# STOCKHOLDERS GET DECISION

Check Put Upo nMutualization of the Equitable.

LORD'S MOTION IS GRANTED

ROOSEVELT HAS NO AUTHORITY TO MIX IN.

New York, May 26,-The motion of Frankling B. Lord, which sought to re-strain the directors of the Equitable Life Assurance society from mutualizing the company, was granted today by Justice Maddox in the supreme court in Brook-lyn. In granting the motion, Justice Maddox said, after reviewing the facts in

the case:
"The motion, therefore, is granted, but is limited to the filing and effectuation of such proposed amended charter, for it appears that such contemplated amendment has been adopted and executed by the board of directors."

The injunction against the mutualization of the society is to be in force only pending the trial of the action, which also involves the same question.

#### Policy Holders Not Members.

Policy Holders Not Members.

In his decision Justice Maddox sustained the contention that the Equitable stockholders never had a chance to vote on the mutualization plan and rejects as of no merit the suggestion made in court by counsel for James H. Hyde that the assent of a majority of the stock was sufficient, even if no stockholders' meeting had been held. The justice quoted from former judicial decisions to the effect that the Equitable was a stock, not a membership corporation, and that policyholders are not members of the company. To deprive the owner of stock of the right to vote for the management of the company, Justice Maddox held, might be the same as depriving him of his property. The justice did not express an opinion as to the ownership of the company's surplus, further than to say that whatever right, if any, the stockholders may have to the surplus must await the company's final distribution, while the policyholder's right is dependent on his policy and its continuance, and must be determined by the terms of the policy. In conclusion Justice Maddox said:

"The internal differences between some of the gentlemen most prominently connected with the management of the court on this motion. The intentions of all are presumed to be for the good of those interested, and it is for the court only to consider and fearlessiy to determine the questions presented."

The motion to strike out certain statements contained in the plaintiff's papers and in the interevening petition filed by James H. Hyde and William H. McIntyre are denied. The motions to strike out these statements were made by counsel for James W. Alexander, president of the Equitable.

#### Roosevelt Will Not Meddle in Insurance Matters. .

Washington, May 25.—President Roosevelt, as heretofore noted, has been urged to take steps looking to a government inquiry into the operations of life insurance companies, and especially the Equitable Life Assurance society of New York, concerning which embarrassing complications have developed during the past few months. After careful consideration of the subject and inquiry into the legal phases of such a suggested investigation, the president has determined that in the entire circumstances the government has no authority to take up the mater, eiher hrough a special commission or through a bureau of corporations. It is doubtful, indeed, in the judgment of the law offices of the government, whether congress itself could constitutionally empower government officials to make such an inquiry.

"Robert Burge, a blacksmith at the coke ovens, was laid off for the want of work. He applied at the coal mine for work and was immediately informed by Superintendent Howard that he had too much to say about the More he had too much to say about the Mor-mons. Superintendent Howard did not

hesitate to tell him why.

Robert Howard, superintendent at
the Sunnyside mines and former Democratic county clerk and recorder of
Carbon county, has made this statement to The Herald:

"This is absolutely false in every particular avenut that Ruyge did ask me

ticular except that Burge did ask me for work. Mr. Musgrave informed me that he offered Burge what blacksmith work he had, and offered him other States. work he had, and offered and offered work when there was no blacksmith work at the coke ovens, but Burge refused it. When Burge came to me he told me he was not a blacksmith, but an expert horseshoer, and asked me to give him the job of horseshoering. I informed him the horseshoer we had informed him the horseshoer we had was giving satisfaction. He also asked for a position in the mechanical de-partment and was told there was no acancy in that department. This was the first and only time I ever spoke to Burge, and such a thing as his having 'too much to say about the Mormons' was never thought of. It is well known and understood here that there is no theological department in connection with the mines at Sunnyside.

(Special to The Herald.)
Logan, May 25.—News comes from Richmond of the serious accidental shooting of Miss Alice Brossard. Two brothers mond of the serious accidental shooting of Miss Alice Brossard. Two brothers of the young woman had been using 22-caliber rifles and stood them behind a door in the room where Miss Brossard was. Both weapons were loaded, and as the young woman took hold of one to remove it from the room it slipped from her grasp and was discharged. The balt struck almost directly over her heart, but glanced on a rib and turned, penetrating her side and lodging just under the shoulder blade, from where it was removed by a surgeon.

Miss Brossard was much affected by the shock, but it is thought she is now out of danger.

Dashington E. Loucks, national organizer of the Good Roads association, was in Logan today, and at a meeting held at the Commercial club-he succeeded in perfecting arrangements for the holding of a big good roads convention here on Memorial day.

The following committees were named to take charge of the preparations for the convention, to which all towns within a radius of seventy-five miles are to be invited to send representatives: Arrangements, Joseph Knowles, H. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Eveline Louis, of 89 Waiter Street, Burfalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medicai Discovery is certainly a most remarkable medicine.
